6. L. KILLPATRICK.

Death of This Well Known Citizen Last Night at Lewistown.

THE LEDGER has frequently made mention of the illness of Mr. G. L. Killpatrick of Lewisburg, who has been suffering with dropsy.

The death of this well known and respected citizen occurred last night at 11 o'clock, his sickness having last been a lingering one.

Decided was one of the oldest residents of Lewisburg, being 75 years of age.

Five children, together with two half-brothers and one half-sister survive—two daughters, Mrs. C. N. Bolinger, and Mrs. Carpenter, who resided with him, and three sons—David of Higgleston, Frank of Lexington and William of Mt. Sterling.

BITTEN BY A DOG.

Little daughter of Mr. J. C. Owens receives a painful injury yesterday.

A most distressing accident occurred yesterday afternoon at the home of Mrs. Thomas Wells on West Tbird street.

Little Miss Marie Owens, daughter of Mr. and Mrs. J. C. Owens, had gone to the home of Mrs. Wells to see a servant, who was formerly in the employ of the Owens family.

The child had gone around to the kitchen and had just opened the door and was about to step in, when a dog belonging to the house made a lunge at her.

Its sharp teeth penetrated the left eye-ball and scratched her face and hands.

The little one, frightened almost to death, was removed to the home of Mr. G. W. Blatner and Dr. C. C. Owens summoned.

The eye was found to be badly injured, the teeth of the dog sinking deep into the ball.

This morning the little sufferer was no better and she was taken to Cincinnati where she will be treated by a specialist in the hope, if possible, of saving her eye.

The accident is a most unfortunate one and is much regretted.

The affair is quite a mystery and should be sifted to the bottom.

WHO IS SHE?

Postmaster Mathews in Receipt of a Letter from a Stranger in Indiana.

Postmaster Mathews is in receipt of a letter from Mrs. Vincent Miller, Sabine, Marion county, Ind., in which a strange story is told of a young girl giving the home of her father and stepmother, with whom she resided, as Maysvillian or this vicinity.

The letter bears date of June 1st, 1898, and is an interesting one.

The girl says her name is Lula Ray, and stated that on Monday morning, June 19th, accompanied by her stepmother, who told her that she was going to visit a sister who resided there, she arrived at Indianpolis.

They went to the home of the supposed relative, and later the three went to a park in the city.

After being there a short time the two elder women sent Lula out to look for some water, the girl of course expecting to find them at the same place on her return.

But such was not the case, according to her story. On the bench where the two women had been sitting when she went away a message had been written, informing her that they had left and bidding her do the best she could.

Unacquainted with the surroundings the girl started out walking, knowing not where to go, but finally, between six or seven in the evening, turning up at the home of the writer of the letter at Sabine, seven miles West of Indianpolis.

She gave her age at 17, and can give no explanation why she was left in the city in such a manner.

She is still at the home of Mrs. Miller at Sabine, who desires it possible to secure some information in regard to the girl's parents that she can be returned home.

The affair is quite a mystery and should be sifted to the bottom.

WORTH SAVING.

They sell without advertising, and yet it's hard to shake off the habit of spending advertising money for things that have no need of it. Our counters tell the Shirt Waist story better than pen, type or printer's ink can do. Not a waist in the lot would be cheap at one-fourth more than we ask. They are all this season's style in make and material and finished with care as given samples. No. 1 assortment.

**COTTON DRESS SKIRTS.**

It's satisfying to choose from such a carefully selected stock as this. It's so easy to be careless—so many cheapish sorts come a-begging with their little prices, but quality must be right in each grade, material the latest, or they don't get into our stock. After the ceremony Mr. and Mrs. Corwin left on a short bridal trip to Cincinnati. The young people's scores of friends unite in wishing them a happy future.

**Fremont Park.**  
Opened with a complete new show last night to a crowded house. Mons. Duhez with his trained dogs, rats, cads and monkeys gave a wonderful and pleasing exhibition. Master Albert Roslyn, the boy tenor, possessed a fine voice and knows how to make the best of it. His rendering of "Onward, Christian Soldier" was exceedingly clever. The little children have set the two greater favorites than last week. Their cake walk and "bum" specialists called forth sustained applause. George Edwards as the big coon was a successful laugh producer. Miss Grace Mazelle, Ben Turpin, Miss Labelle and Ed Parker were all compelled to respond to numerous encores. Manager Fremont can well feel proud of his show this week. It is clean, refined and entertaining all the way through.

Governor's Proclamation.

FRANKFORT, Ky., June 21.—Gov. Bradley Monday night issued a proclamation recommending that the people of the state societies look after the protection of families of soldiers and to provide for assistance to those that may need it during their absence in foreign lands. The state W. T. U. presented Miss Christine Bradley a silver bracelet with a diamond set in it to express loyalty to conviction in christening the battle ship Kentucky with water. Miss Miriam Crosby, of Washington, daughter of retired Adm. Crosby, of Washington, was among many distinguished guests from a distance. The presentation speech was made by Col. George W. Bain, temperance lecturer.

Kentucky By No Means the Last.

FRANKFORT, Ky., June 21.—Gov. Bradley does not recall reports that Kentucky has been the last state to turn back into the fold. He said Monday George, Tennessee and several other states were behind Kentucky in this matter. The state authorities expected to receive orders from Washington Tuesday to mobilize the regiment which has been allowed to Kentucky under the second call. Lexington will again be used as a rendezvous station. First Lieut. John W. Davis, of the Vicksburg company, of Chickasawha, has resigned on account of failing health, and will take his old position as state capital guard.

Blood Poisoning From Fly Bites.

Louisville, Ky., June 21.—The physicians of the city hospital are studying a peculiar case of blood poisoning. Frank Collins, the laundryman of the institution, was bitten on the hand a few days ago by a common house fly while in the dead room. Collins felt the sting and brushed the insect off. In a few minutes the hand began to swell. It was soon twice its normal size, and the swelling communicated to the rest of the body. The medical physicians at once began treatment, but the patient is not yet out of danger. They all agreed that the fly collected poison master in the "dead" room, which was transmitted to the victim's hand.

A remarkable Record.

For 12 years past Mr. Morris has been a member of the choir, and in that time has seldom missed a day's attendance. His voice is still strong, and he will probably be a member for years to come.

# WAR SITUATION.

How Matters Stand at Guantánamo Bay, as Reported by Rr. Adm. Sampson.

## PLACING ARTILLERY IN GUANTANAMO.

A Spanish Gunboat Filled With Straw Will Be Destroyed if in Danger of Capture.

García's Forces Within Three Days of Santiago—Gen. Rabi Is at Acordarao, 18 Miles West—Strength of the Soupa Battery.

OFF SANTIAGO DE CUBA, June 19.—In Kingston, Jamaica, June 21.—Rr. Adm. Sampson authorizes the publication of the following information, obtained from reconnaissances and from the Cuban rebels.

Matters are quiet at Guantánamo bay. The Spanish are transporting artillery to the town of Guantánamo. Yesterday a shell from the battle ship Oregon destroyed a railway car and set a warehouse on fire. A spy asserts that the Spanish gunboat Sonda has been filled with straw and will be destroyed if there is any danger of her being captured.

The Spanish forces at Guantánamo are still occupying a road to Santiago, where nothing is known as to the situation at Guantánamo, as the Cuban rebels hold the intervening territory.

Gen. García's forces are within three days of Santiago. They number 3,000. The same number of Cubans are near Holguín. Gen. Rabi is at Acordarao, 18 miles west of Santiago, with 900 men, all under arms.

The battery at Soupa, opposite Estrella San José, has two Honotoria guns, four Maxim-Nordenfeldt 37-millimeter guns, one Maxim-Nordenfeldt 57-millimeter gun and one Gatling 25-millimeter gun, all taken from the Reina Mercedes. The battery at Castillo del Morro has two Maxim-Nordenfeldt 37-millimeter guns, taken from the torpedo boat destroyer Teror, four Maxim-Nordenfeldt 37-millimeter guns and one Honotoria. All the batteries have also muzzle loaders.

The mines at the entrance are on the Latimencuer system—two lines of seven each. One line was fired at the Merrimac but without effect. The Merrimac cleared the line when she exploded. One torpedo in the first line was also fired at the Merrimac without success. The mine field contains 20 kilograms of gun cotton and there are some Bustamente torpedoes.

The latest information is that the hull of the Merrimac does not block the channel, but lies to the right.

Vessels can pass without touching it.

During the bombardment on June 3 Capt. Harmon, second in command on the cruiser Reina Mercedes, and five men, were killed.

Col. Bryas's Regiment.

WASHINGTON, June 21.—It is regarded as probable that Col. William Jennings Bryan and the Nebraska regiment under his command will be assigned to the troops commanded by Maj. Gen. Fisher, L. M. Wadsworth, assistant officials were reticent about the matter when questioned Monday night, but there is excellent authority for the statement that the assignment will be made.

Enseñante Cuban Wants to Enlist.

WASHERSTON, June 21.—Advisors received at the Cuban legation in this city state that 250 exiled Cubans in Costa Rica, who are anxious to fight for the deliverance of their native country, have petitioned William L. Merry, the envoy extraordinary and minister plenipotentiary of the United States to that country, asking to be allowed to enlist as United States volunteers in the army to fight against Spain.

Desperate Bugar Captured.

CINCINNATI, June 21.—After attempting to shoot a policeman, immediately after committing a daring daylight burglary Monday, Bruno Puhu shot and killed a woman named Jennie Armeling, supposed to be his accomplice, and also wounded a boy. Puhu was pursued by a policeman, and after making another attempt to do violence with his revolver, was finally captured.

Decades Given to Law.

TATTERSBURG, Chicago, June 21.—After a struggle of three minutes, Lewis being on the pal, stomach down, the referee separated the men and gave the match to Lewis because Yonkou, as the referred said, was strangling him.

Decades Given to Law.

NEW YORK, June 21.—A world Washington special quotes Secretary Longworth as having recognized the coming of the Merrimac. Some time ago he had been informed by Sampson, thus destroying the last fort at the entrance of the harbor. This fort had been spared up to this time because Sampson learned that Hobson and his companions were confined there. It is said they were removed lately.

More Abduction Talk.

GIBRALTAR, June 21.—There is a persistent rumor from Madrid that the queen regent proposes to abdicate in consequence of the critical condition of the country.

Another Comet.

CAMBRIDGE, Mass., June 21.—A telegram has been received at the Harvard college observatory from Prof. Kent, at Kiel, stating that Glaucin's comet was observed at Nicaea, June 19, 5.079 New York time, and June 20, 5.26 min. 40 sec., 8° and decl. 21.47.08 Daily motion in R. No Vessels with Supplies Have Entered the Harbor There Since the Blockade Began.

WORK ON THE DEFENSE PROCEEDING STEADILY—TWO LINES OF TORPEDOES KILLED ACROSS THE MOUTH OF THE HABOUR, WELL PROTECTED.

Key West, Fla., June 21.—A vessel arrived here from the blockade Monday morning and reported all quiet along the line. She brought an officer of the Cuban army and a pilot, who are carrying important dispatches to Gen. Estrada Palma, of the Cuban junta, from Gen. Alejandro Rodriguez, the insurgent commander of Havana province.

The Cuban rebels took on board on Saturday last from an auxiliary gun boat which had picked them up. The messengers of Gen. Rodriguez gave a very interesting account of their experiences. After leaving the insurgents camp they made their way into the city of Havana, spent several days there, proceeded to one of the small islands in the neighborhood, stole a

## SHAFTER'S TROOPS.

They Arrive Off the Southeastern Coast of Cuba and Are Preparing to Land Near Santiago.

Now 2d. NARVALS, Hayti, June 21.—The American transports, arrived off the southeastern coast of Cuba, and Sunday were preparing to land near Santiago. It will take about 12 hours to land the men after the pontoon bridges shall have been laid to the shore. Gen. Shafter is protecting the landing by harassing the Spanish forces so that they can not concentrate for attack.

Launches sent out by the New York and Massachusetts at daybreak to select a good landing place found the coast lined with Spaniards for 15 miles. They were forced to retreat, covered by the Texas and Vixen. The desired landing is at Zachary Bay, eight miles southeast of Santiago.

The Spanish are still on land camps of Americans and Cubans are growing weaker. At Curoto, 13 miles west of Santiago, 500 Cubans hold a strategic point.

Vultures hover over the ruins of the Santiago fort, and workmen can be seen digging in the debris of the batteries. Fifteen thousand men are said to be in the fort.

The Cubans were taken on board on Saturday last from an auxiliary gun boat which had picked them up. The messengers of Gen. Rodriguez gave a very interesting account of their experiences. Sister Victoria of St. Francis de Sales Academy celebrated her eightieth birthday last Saturday.

Mayor Simlar issued a proclamation at Lexington abrogating the ordinance requiring bells and lanterns on wheels; thus saving the cyclers from any annoyance during the State Meet there this week.

Bad management seems more people in poor circumstances than any other one cause. To succeed one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhea remedy in the house, the shiftless fellow will wait until his distress compels him to then seek the best medical advice. The doctor may have a big doctor bill to pay besides. One pays out 25 cents, the other is out a hundred dollars, and then wonders why his neighbor is getting richer while he is getting poorer. #### CIGARETTE HABIT.

Large Per Cent of Army Recruits Rejected on This Account.

Life insurance companies will have to insert a new question in their application inquiring as to the habit of cigarette smoking.

It is found that this pernicious habit is seriously interfering with the carrying out of the patriotic impulses of a larger number of would-be recruits than any one would have been supposed, so large indeed as to be startling. A dispatch a few days ago states that the large number of rejections of volunteers has caused much comment in the army medical corps. However, the physicians who have conducted the examinations say that outside of the ranks of cigarette smokers there are even fewer rejections than were in the days of the Civil War. Among habitual users of the cigarette the rejections are about 90 per cent.

Dr. Benjamin King of Philadelphia, who acted as an examining surgeon during 1861-63 in New York, Pennsylvania, Ohio and Indiana, says that the average rejections during those years did not exceed 13 per cent. He attributes the large increase almost entirely to the cigarette habit.

"I have been inspecting the papers in a number of cases under the present recruiting act," said Dr. King, "and I observe that most of the men who failed to pass have weak hearts or lack the vitality necessary to make a good soldier. I had expected that the percentage of rejections would be greater now than in

1861, but I did not dream that it would be almost three times as great. The examining physicians with whom I have talked have generally told me that the excess of rejections is due to the large number of young men applying for enlistment who have become victims of the cigarette habit."
